ALL KINDS OF 'FRUITS' FROM THE VEGETABLE PROJECT IN THE MANGAUNG TOWNSHIPS

During April we have reported that seedlings were planted for the winter season and how Raubex (Pty) Ltd continuous to support our Vegetable Tunnel Project. These beneficiaries of the project not only harvested the beautiful crops from their tunnels during the winter season, but we have witnessed all kinds of other 'fruit' in the lives of these tunnel beneficiaries:

- The fruit of patience as they patiently waited for the seedlings to mature;
- The fruit of love, joy and peace every time they welcomed us into their tunnels;
- The fruit of kindness and goodness as they have shared their crops with neighbors and friends;
- The fruit of faithfulness and gentleness in the way that they took care of their vegetable tunnels;
- The fruit of self-control as they have prioritized their daily responsibilities.

GEO-HYDRO TECHNOLOGIES INVESTS IN MOHLODING MARKET AS AN ED BENEFICIARY OF SPOUDAZO

During July 2016 Geo Hydro Technologies made an Enterprise Development donation towards one of Spoudazo's ED candidates. Thanks to this investment, Mohloding market now has a beautiful website with free domain hosting for 12 months. With the remainder of the donation, maize meal was purchased for the grocery shop and a substantial down payment on a laptop could be made. Please visit Mohloding Market at www.vegetablemarket.co.za/

A WORD OF THANKS TO VODACOM CHANGE THE WORLD

After 12 months of hard work by Cindy van Zyl, our volunteer, as well as the amazing support by Vodacom, the Vodacom Change the World programme came to an end in June 2016. Beudene was holding thumbs to be amongst the 2016/2017 beneficiaries, but we realized that the baton needed to be handed

READY TO LIVE!

over once again. Beudene is now on the run and thanks to Vodacom the Autism programme was not only initiated by their support, but has gained so much momentum that we have to really keep up with the growing interest in this programme.

LIFEXCHANGE AT TJHABELANG AND BAINSVLEI COMBINED

In order to continue the good work of Tjhabelang Primary, the ClinVet Community Development and Education Trust (CCDET) is bringing LifeXchange back to Bloemfontein over a period of 24 months to bring about sustainable change in the lives of underprivileged students attending Bainsvlei Combined. Volunteer mentors are required to provide consistent guidance for these young students on a one-on-one basis, in order to develop both their resilience levels and character over a period of 24 months. The initiative will function as a long term strategy to prevent drop out, raise academic performance, bring about positive behaviour and prepare students for tertiary education. If you have what it takes come to the workshop on 6 September from 18h00 – 20h00 at St James Church.

Each small contribution counts towards something huge, if we could just have enough patience to last until the harvest. Nowhere is this principle more clearly illustrated than in mentoring. [Read more](#) about why persevering in the little things makes all the difference.
